

# ALMA Table Light

In Semi-Matted Optics

With an arresting sculptural yet symmetrical accent, Alma Table Light is an attempt to reimagine the classics for a contemporary fixture to enhance the extraordinary modern-day spaces. Hand crafted using brass, perspex TIR lens, clear glass and integrated LED source, makes it a well-balanced and adaptable luminaire. With the TIR lens acting as an enlightened rod, Alma offers a glare-free warm tone creating a rather calmer and soothing surrounding.

## Product Code

P\_TL\_AL\_02 - ALMA Table Light Semi-Matted Optics

## Designed By

Riya Panchal 2021

## Materials

Brass, Clear Fluted Glass & Perspex TIR Lens

## Finishes

## Weight

Approx. 8kg

## Switch & Flex

1.5m Black Fabric Covered Cable with In-line Switch

## Lamping

1 x Integrated SMD LED

Wattage: 7W

Temperature: 3200K (Warm White)

Lumens: 630lm

Non-Dimmable

## Design Notes

The fluted clear glass is hand-blown and may vary in shape. Alma TL weighs heavy due its solid brass base, designed to support and balance the rest of lamp. Please be careful while handling it.

## Cleaning Notes

This luminaire only requires regular cleaning with a soft dry duster. Abrasive or chemical cleaners may harm the finish and should not be used.
